

EMA is extremely pleased to announce several very exciting changes in our organization, effective today, April 1, 2011.

The first is the addition of John Capp our new Account Manager covering the South Florida market area. John comes to us from an extensive background in the industry and holds a Mechanical Engineering degree from Florida Atlantic University in Boca Raton, Florida. John was previously with Motorola in Plantation for nearly 10 years where he holds five patents granted during his tenure at Motorola and where he won several design awards. He has been in sales for the past 15 years associated with companies such as Sanyo-Epson Imaging Devices and Sharp Microelectronics. John brings to EMA an incredible amount of knowledge of the South Florida market in addition to his vast experience in sales and engineering where he has developed years of key relationships at the accounts in this geography.

John presently lives in Boca Raton and is a very proud and active single father of two daughters. He will be responsible for the geography in South Florida previously covered by Mick Lehman. John can be contacted on his cell phone at: 954-868-9324 or by e-mail at John.Capp@emasales.com.

This brings us to our second exciting announcement and that is the restructuring of Mick's geographic territory. In addition to being responsible for Brevard County (East Coast) Mick will be assuming the responsibility of central Florida, Volusia county and Northern Florida (Jacksonville). Mick's six years with EMA and his extensive knowledge of our product offering provide him with the necessary insight for additional penetration into the accounts in this market area. In other words, Mick will be adding to his existing territory the coverage of most of the territory previously covered by me.

I will continue to be responsible for several key major accounts in the Orlando area such as Lockheed-Martin and others.

I am sure you will join me in welcoming John Capp to our company and wishing success to both John and Mick in their respective new territories.

We are thrilled about the expansion of our Account Managers and expect continued growth in all areas. If you have any questions regarding any of these changes, please feel free to contact me.

Thank you

A handwritten signature in blue ink that reads 'Joe'.
